This is helpful, Laura. Thanks.

Is it your experience that the public (including the press) often takes advantage of this opportunity to see an FRN before the publication date?

Fred

Hi Leigh,

All documents published in the Federal Register are available for public inspection the day before publication on this website: <http://www.archives.gov/federal-register/public-inspection/>

So the notice will be on public inspection on Thursday, and published in the Federal Register on Friday. Let me know if you have any other questions.

Thanks,

Laura Free
